
Welcome to Mercy Health Cairns

In the heart of your community

When you become part of the Mercy Health community, you are joining more than 3,000 people around Australia whom we are proud to serve. With two new aged care homes in Cairns, as well as retirement living and home care packages, we are equally proud to be part of your community.

Our model of care

We value each person and their life story knowing that is what makes them who they are today. Our model of care is brought to life at Mercy Place Westcourt, Mercy Place Woree, Coral Sea Gardens Retirement Village and through our home care packages. We aim to ensure that residents in our aged care communities have the best day possible, every day.

Living the best way, your way

Our aged care teams are always working to improve residents' lifestyle and experiences. This includes the quality of the home, the community spirit within the home and the care each person receives. Another important part of your wellbeing is the ability to live your life, your way. At our aged care homes, we encourage you to continue enjoying your favourite hobbies or you can indulge in the many leisure and lifestyle activities we offer.

Our residents have access to a range of services and pastoral care is offered to residents and their families, whether or not they have a particular faith.

Home & Community Care

We provide flexible services to help you live safely, actively and independently in your own home and community. Our services, which include personal care, domestic assistance and respite care, are designed to meet the individual needs of older people, people with a disability and people recovering from a hospital stay.
