Our home

At Mercy Place Ballarat, we offer a new experience in aged care where you and your family can feel right at home. Our innovative small household living approach promotes independence, choice and relationships, with residents living in small households supported by a dedicated team of care staff.

Mercy Place Ballarat has 14 households and each one is designed for up to eight residents. There is a broad range of stylishly designed room options spread over three floors, with each household featuring its own modern kitchen, open-plan living and dining areas, and laundry.

Living in a small household provides the opportunity for your care team to get to know you, your family and what is important to you. Likewise, you can get to know your care team and fellow residents. Residents, families and staff are encouraged to work together to enjoy meaningful daily activities both within the home and outside it.

The contemporary design, natural light and stunning views at Mercy Place Ballarat make it the perfect place to relax with family and friends.

Mercy Place Ballarat provides additional services for residents. Please speak with the Service Manager for a full list of services and the cost.

Choosing a room

Enjoy the high-quality furniture and fittings including wall-mounted flat-screen TVs, in-room air conditioning and heating, built-in wardrobes and ample space for your personal treasures. Add a touch of luxury by choosing a room with a private balcony, bay window or sweeping views of Ballarat.

Your care team

Each household is supported by dedicated care staff who will get to know you and how you like to spend your day. They will help you and your fellow residents plan the weekly menu and organise social activities and outings.

A registered nurse is on site 24 hours a day, seven days a week if you need them. There is also a clubs and events manager, clinical health and wellness manager, maintenance officer and extended local team to help you make the most out of life at Mercy Place Ballarat.

The modern story of Mercy Health began with the founding of the Order of the Sisters of Mercy in Dublin in 1831 by Catherine McAuley, who dedicated her life to serving people in need.

The Sisters of Mercy went on to found convents, schools and hospitals across the globe. They arrived in Australia in 1846, led by Mother Ursula Frayne.

Following a devastating influenza pandemic, the Sisters of Mercy opened their first Victorian hospital — St Benedict's in Malvern — in 1920.

As Mercy Health, they established a reputation for excellence in care and hospitality that has grown in strength to this day.

A leading Catholic provider of health, aged and community services, our history and future is based on responding to the most significant needs of the time.

We employ and care for people of all faiths and no faith. Our people come from many cultures and backgrounds but share a common goal: to provide compassionate and responsive care to people in need.
