At Mercy Place Mentone, we believe in providing a truly homelike environment. Our residence is thoughtfully designed to offer comfort and care through 16 small households, each accommodating up to eight residents. With a total of 128 beds, every household features a modern kitchen, open-plan living and dining areas, as well as a laundry.

This intimate setting allows residents to form meaningful connections with their caregivers and fellow residents, fostering a close-knit, family-like community. Our care team is dedicated to getting to know you personally, along with your family and what matters most to you. Here, you're not just a resident; you're part of our family.

In the spirit of the Sisters of Mercy, who have always sought to care for the whole person – body, mind and soul, you will be supported by

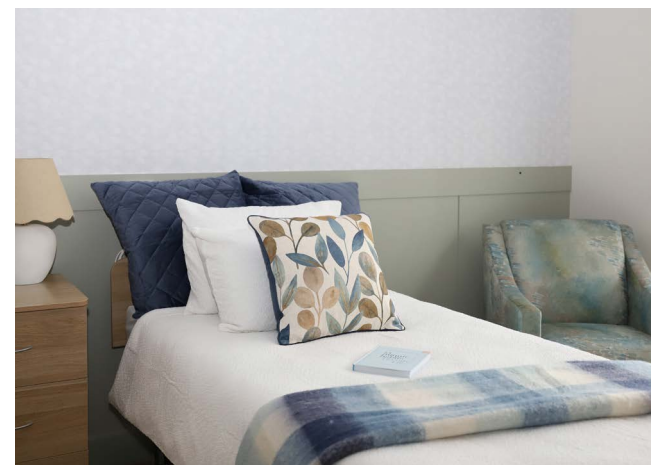

compassionate, dedicated and qualified carers who will tailor your care according to your personal needs and interests.

To complement your lifestyle, the Village Square is your doorway to convenience. Whether you're shopping at the grocer, visiting the hairdressing salon, enjoying a coffee and cake in the café, or taking some time out for reflection, meditation or prayer in the chapel, everything is at your fingertips. When it's time to unwind, you can catch a movie in our spacious cinema or meet friends for Happy Hour in the Club Lounge.

Outdoor terraces and resident balconies offer diverse views of the internal courtyard, the Dandenong Ranges, and surrounding neighbourhood, providing the perfect setting to relax and take in the scenery.

# About Mercy Health

Call now to book a personal tour of Mercy Place Mentone.

The modern story of Mercy Health began with the founding of the Order of the Sisters of Mercy in Dublin in 1831 by Catherine McAuley, who dedicated her life to serving people in need.

The Sisters of Mercy went on to found convents, schools and hospitals across the globe. They arrived in Australia in 1846, led by Mother Ursula Frayne.

Following a devastating influenza pandemic, the Sisters of Mercy opened their first Victorian hospital — St Benedict's in Malvern — in 1920.

As Mercy Health, they established a reputation for excellence in care and hospitality that has grown in strength to this day.

A leading Catholic provider of health, aged and community services, our history and future is based on responding to the most significant needs of the time.

We employ and care for people of all faiths and no faith. Our people come from many cultures and backgrounds but share a common goal: to provide compassionate and responsive care to people in need.
